Companies marked blue are constituent stocks of the Swiss Market Index SMI

ABB must rise above 20.20 to signal a major turnaround.
Traders and investors hold from 18.75 and 19.25.
Place a stop at 18.55.

ADECCO

Adecco must hold above 55 and 52.50 or the medium-term trend will turn down again.
ADD to the position if 60 is broken. Resistance is 64 and 70.

ALCON – 10-Minute chart

Alcon failed to turn around with a clear break above 59.

It is likely to weaken further if the support at 57.30 is broken. Lower support is at 56.80 and 55.20.

Sell the position if 56.50 is broken and wait for evidence of a new bottom formation.

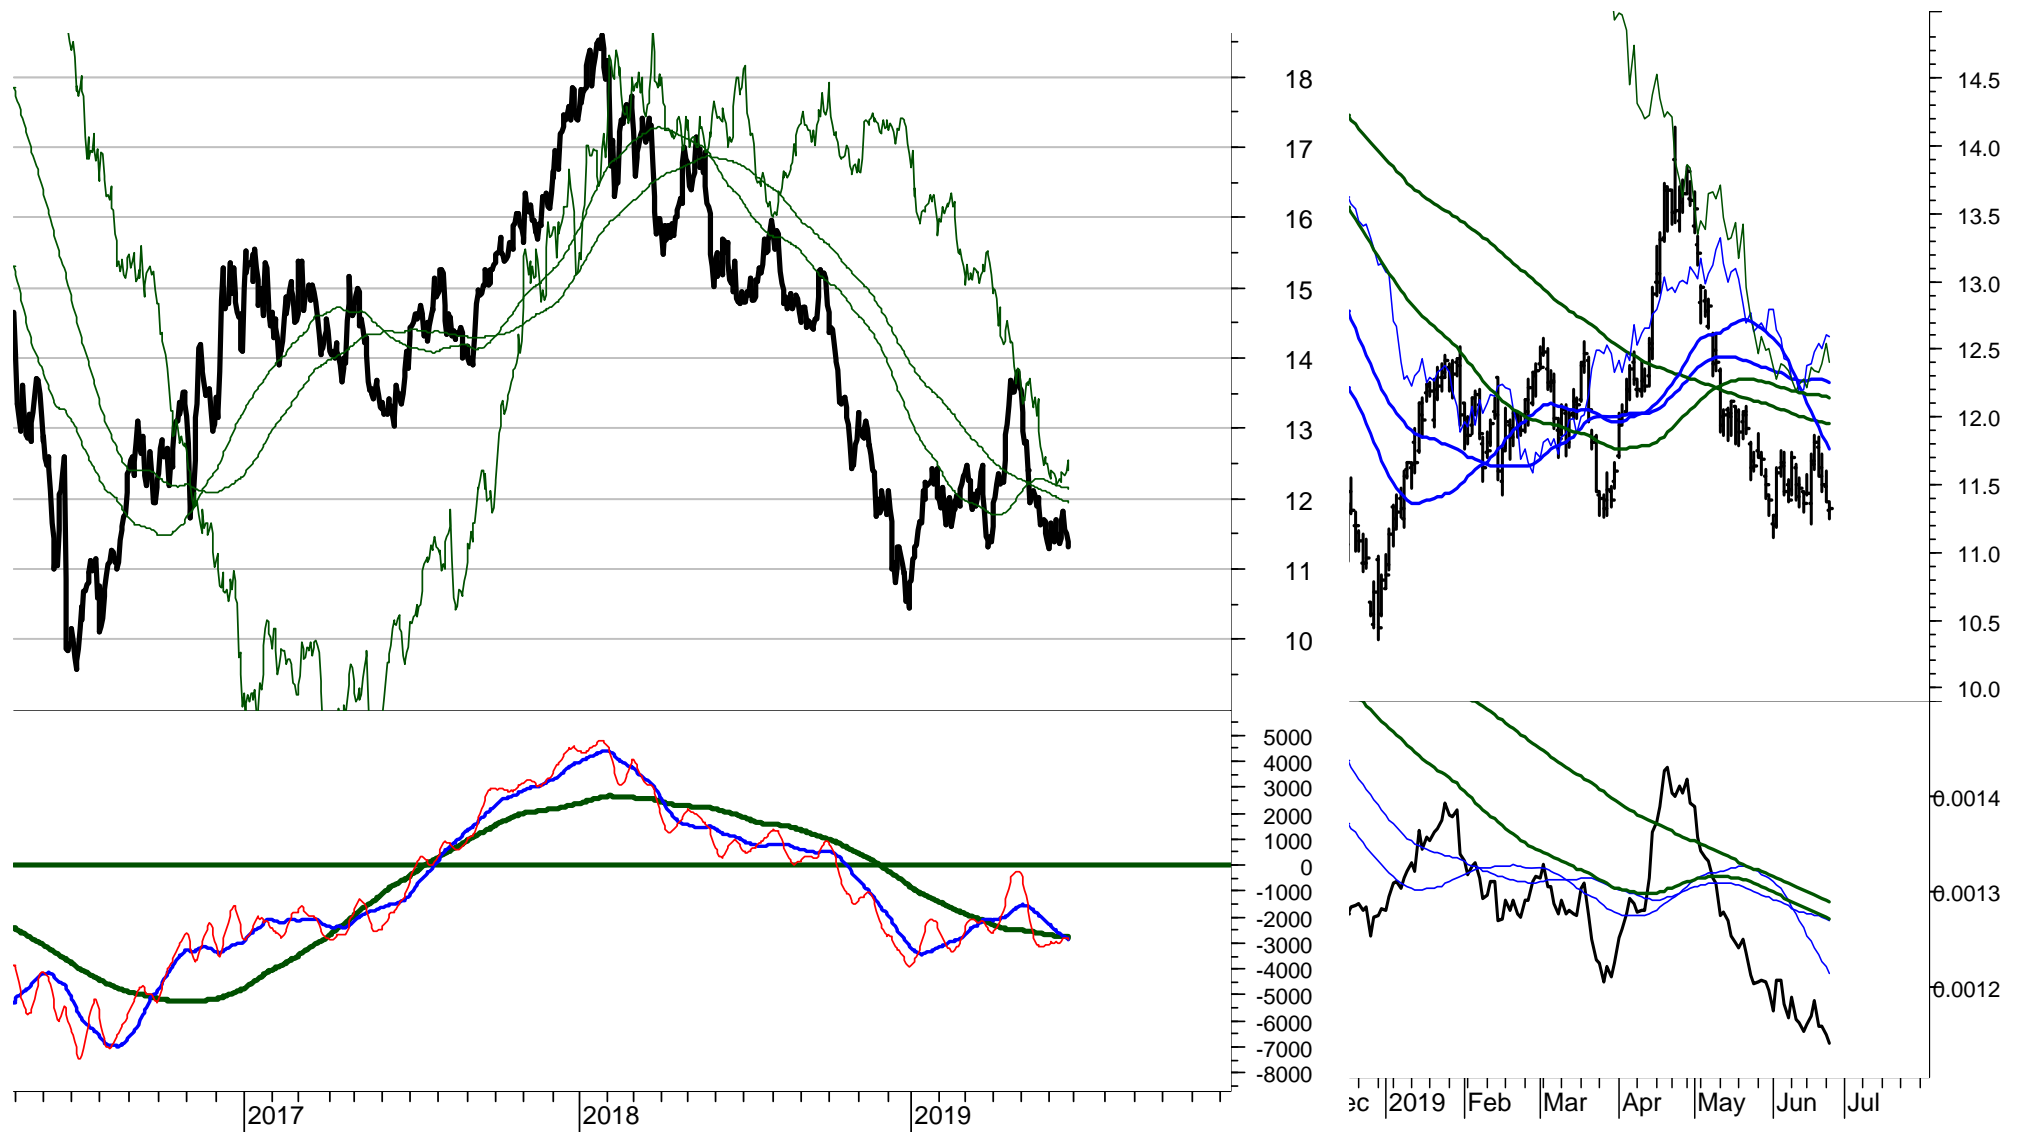

CSG GROUP

CSG remains below all 6 trend and momentum indicators.

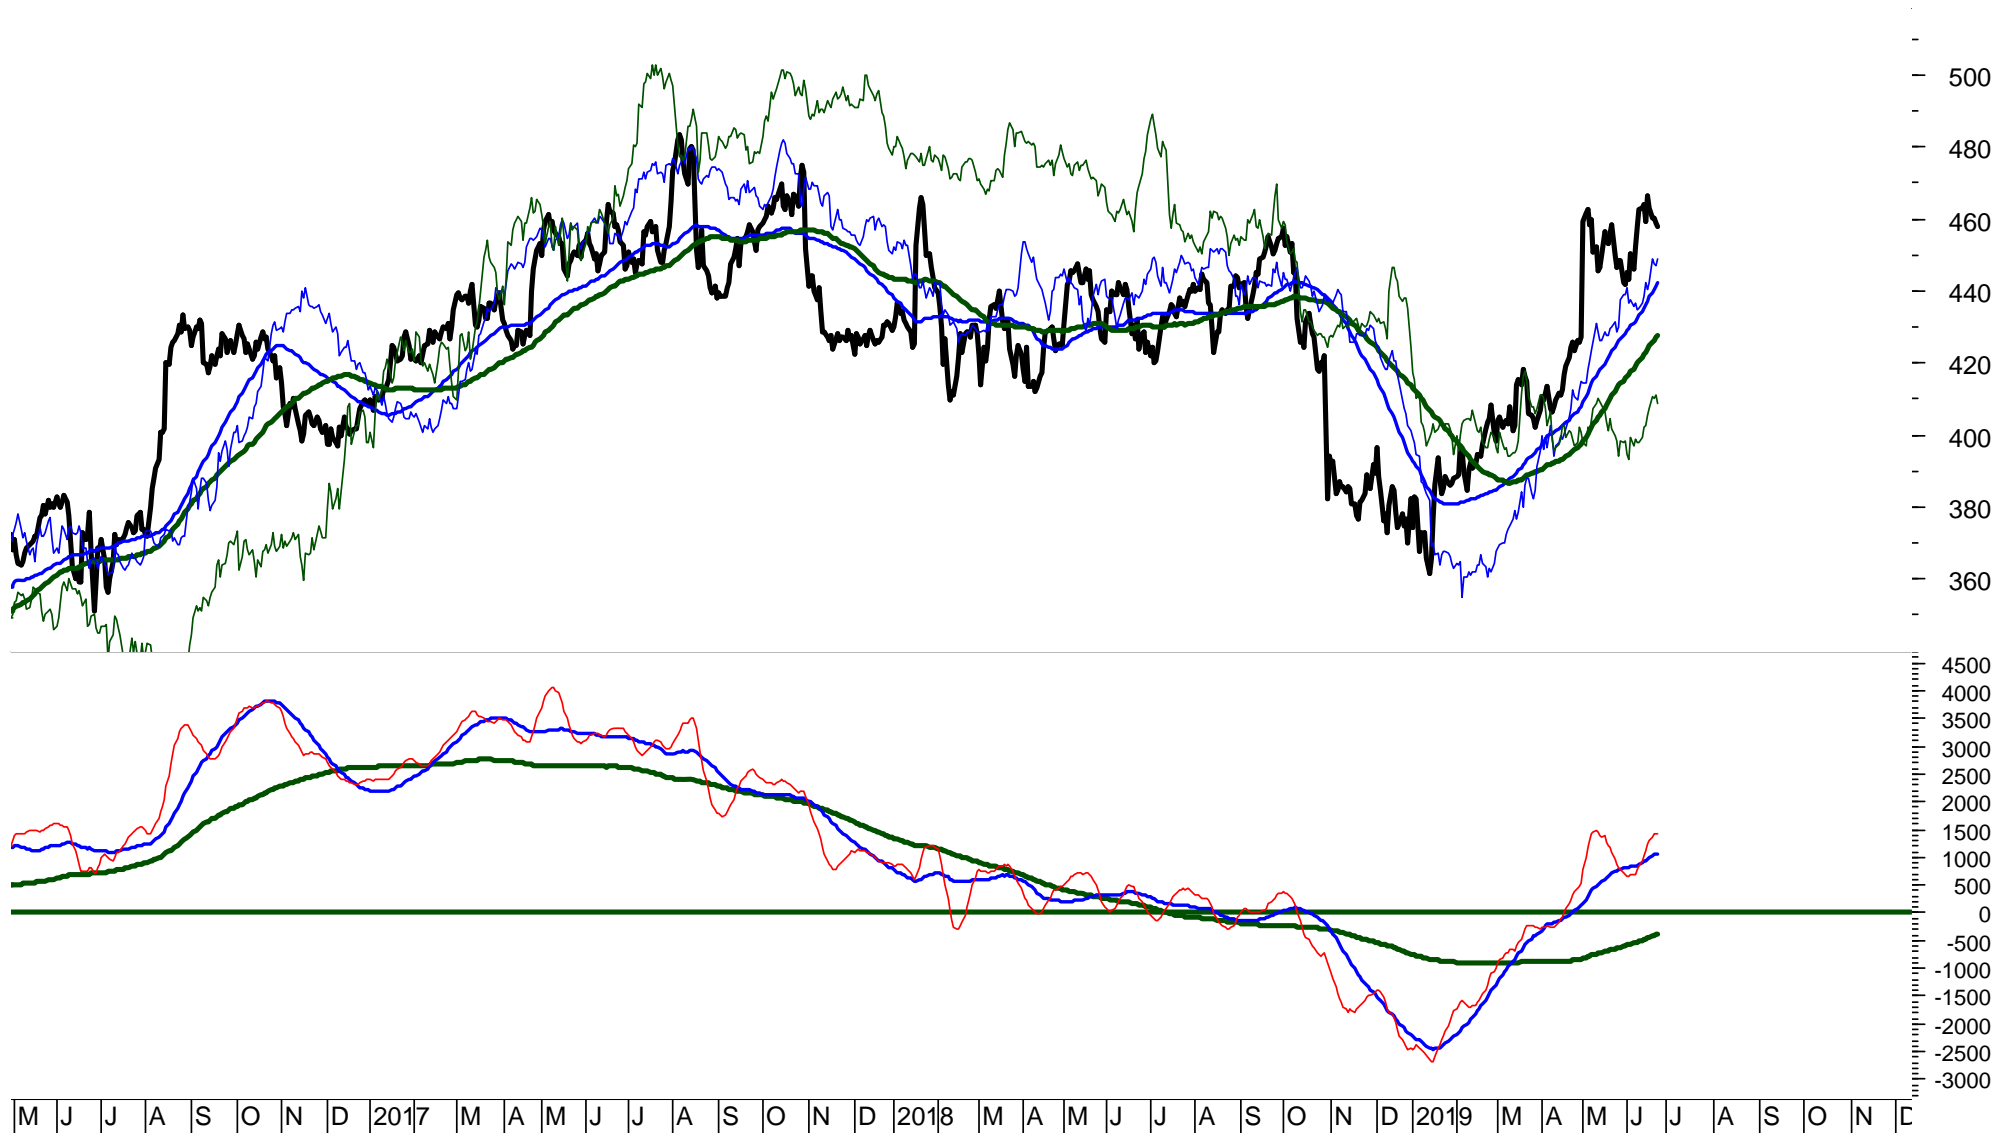

The next supports are at 11.10, 10.70 and 10.

CSG would have to rise above 11.70 to signal 12.45/ 12.60 and to have a decent chance of reversing the downtrend with a rise above 13.50.

GEBERIT

The present correction must hold above 454 / 451 or the medium-term trend could turn down with supports at 445.50 and 437.
The rise above 461 will trigger a short-term buy signal.
Sell the position if 453.50 is broken.

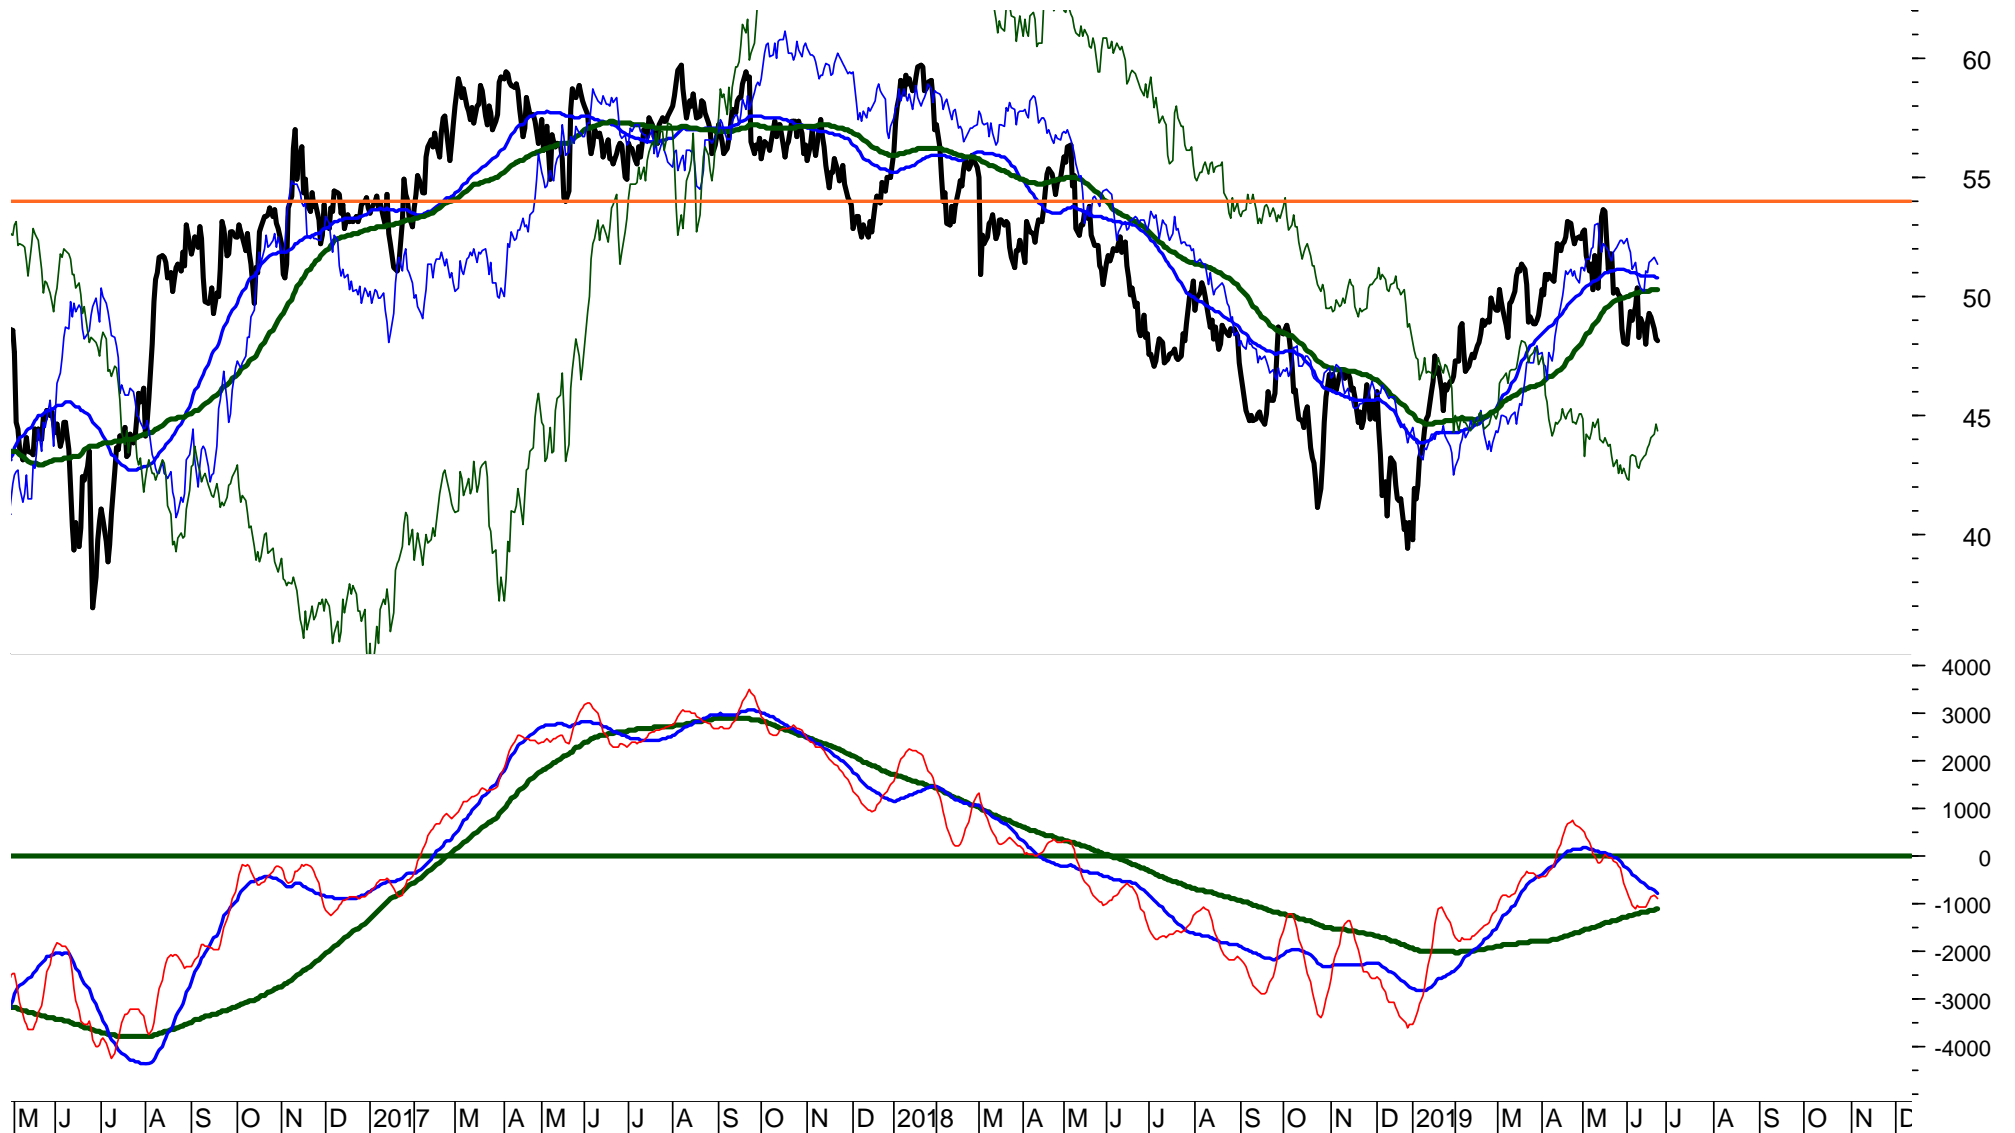

GIVAUDAN

Givaudan must hold above 2750 or 2700 if the major uptrend is to remain intact.
The next resistance levels are 2860 (add if broken), 2930 and 3180.

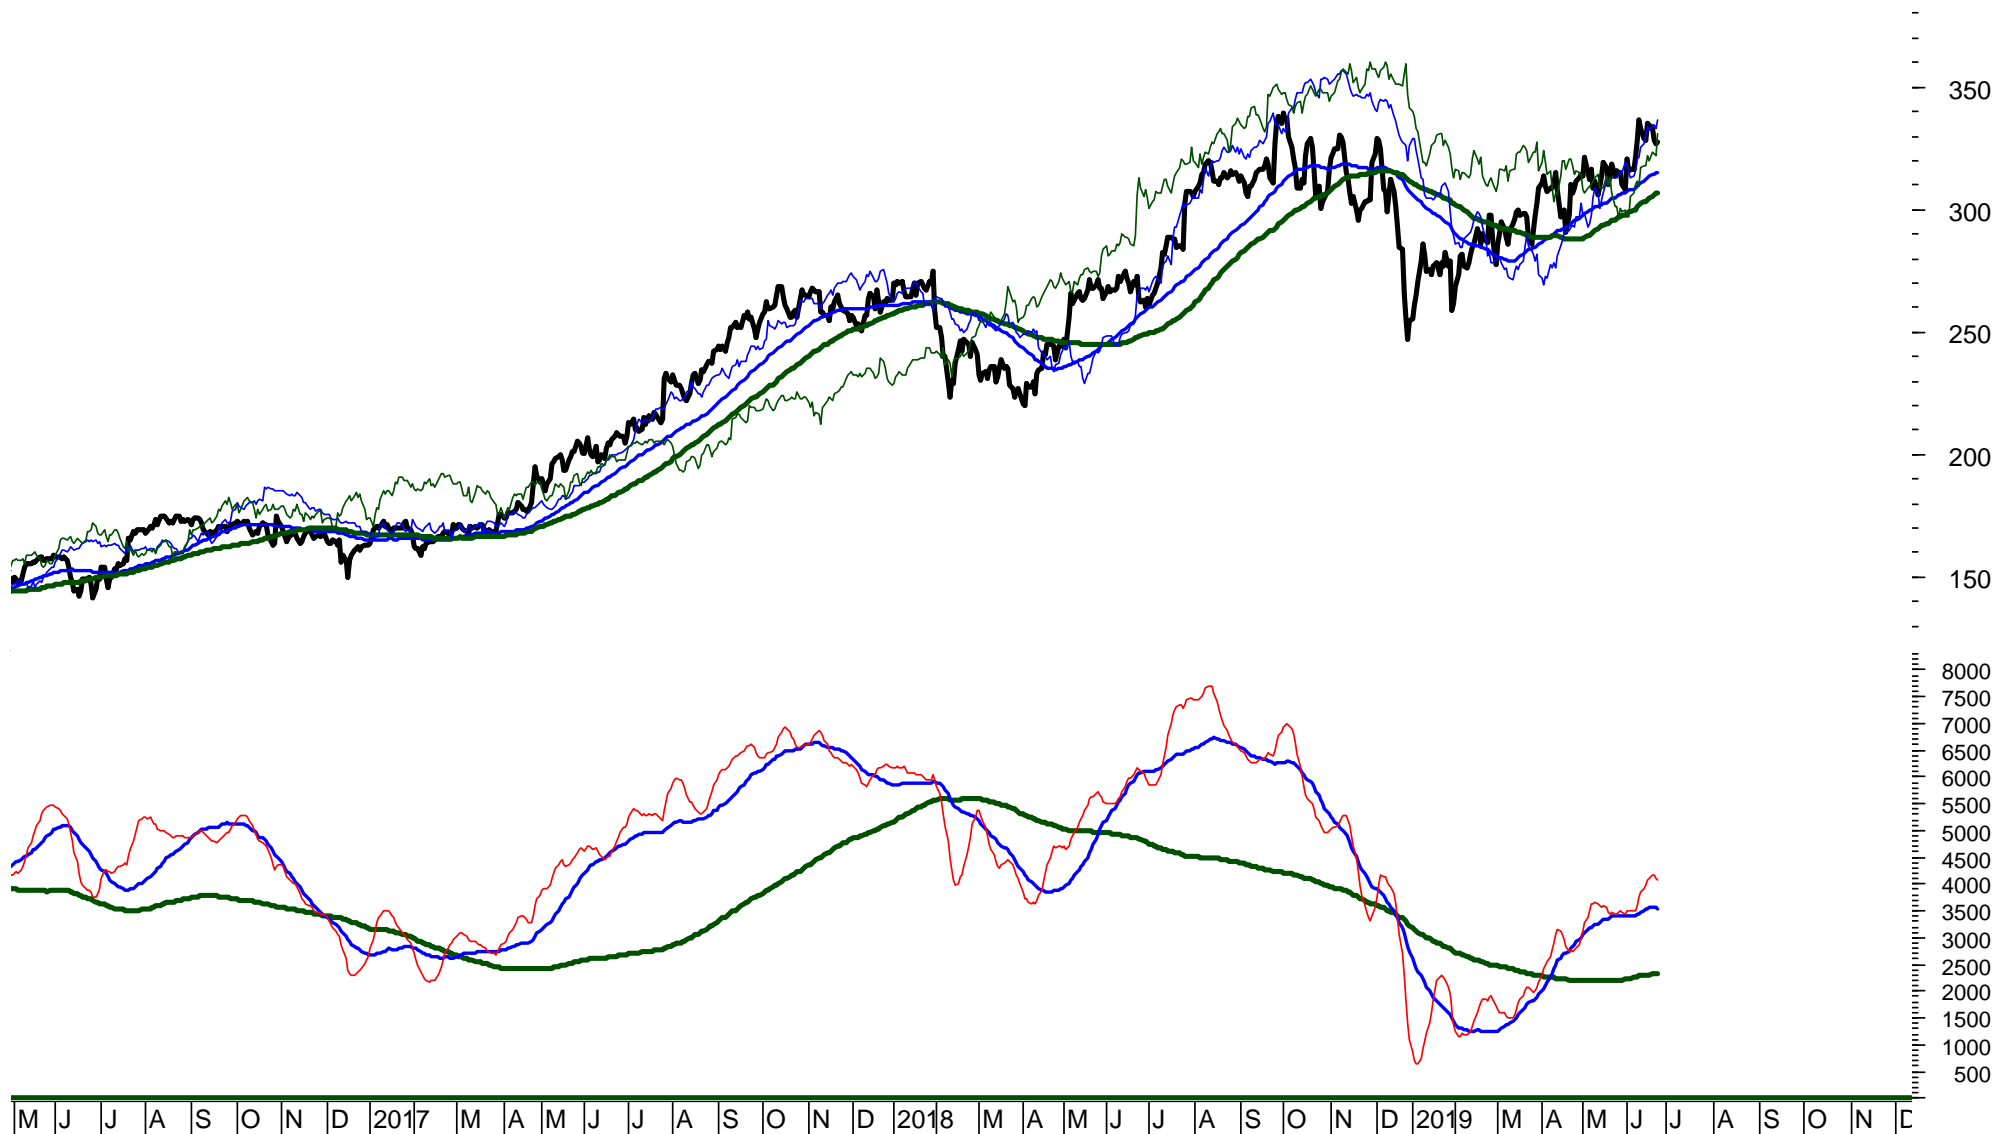

LAFARGEHOLCIM

LHN must hold above 47 or the present correction would test the lower support at 44.50 / 43 or 41 / 39. It needs a quick rise above 49 / 50 and 52.50 if the uptrend from December is to signal a return to the highs from 2017 at 56.50 / 60. I recommended purchase if 48.90 is broken. Given that the break above 50 failed to occur I would sell the position if 46.50 is broken and watch for evidence of a medium-term bottom signal.

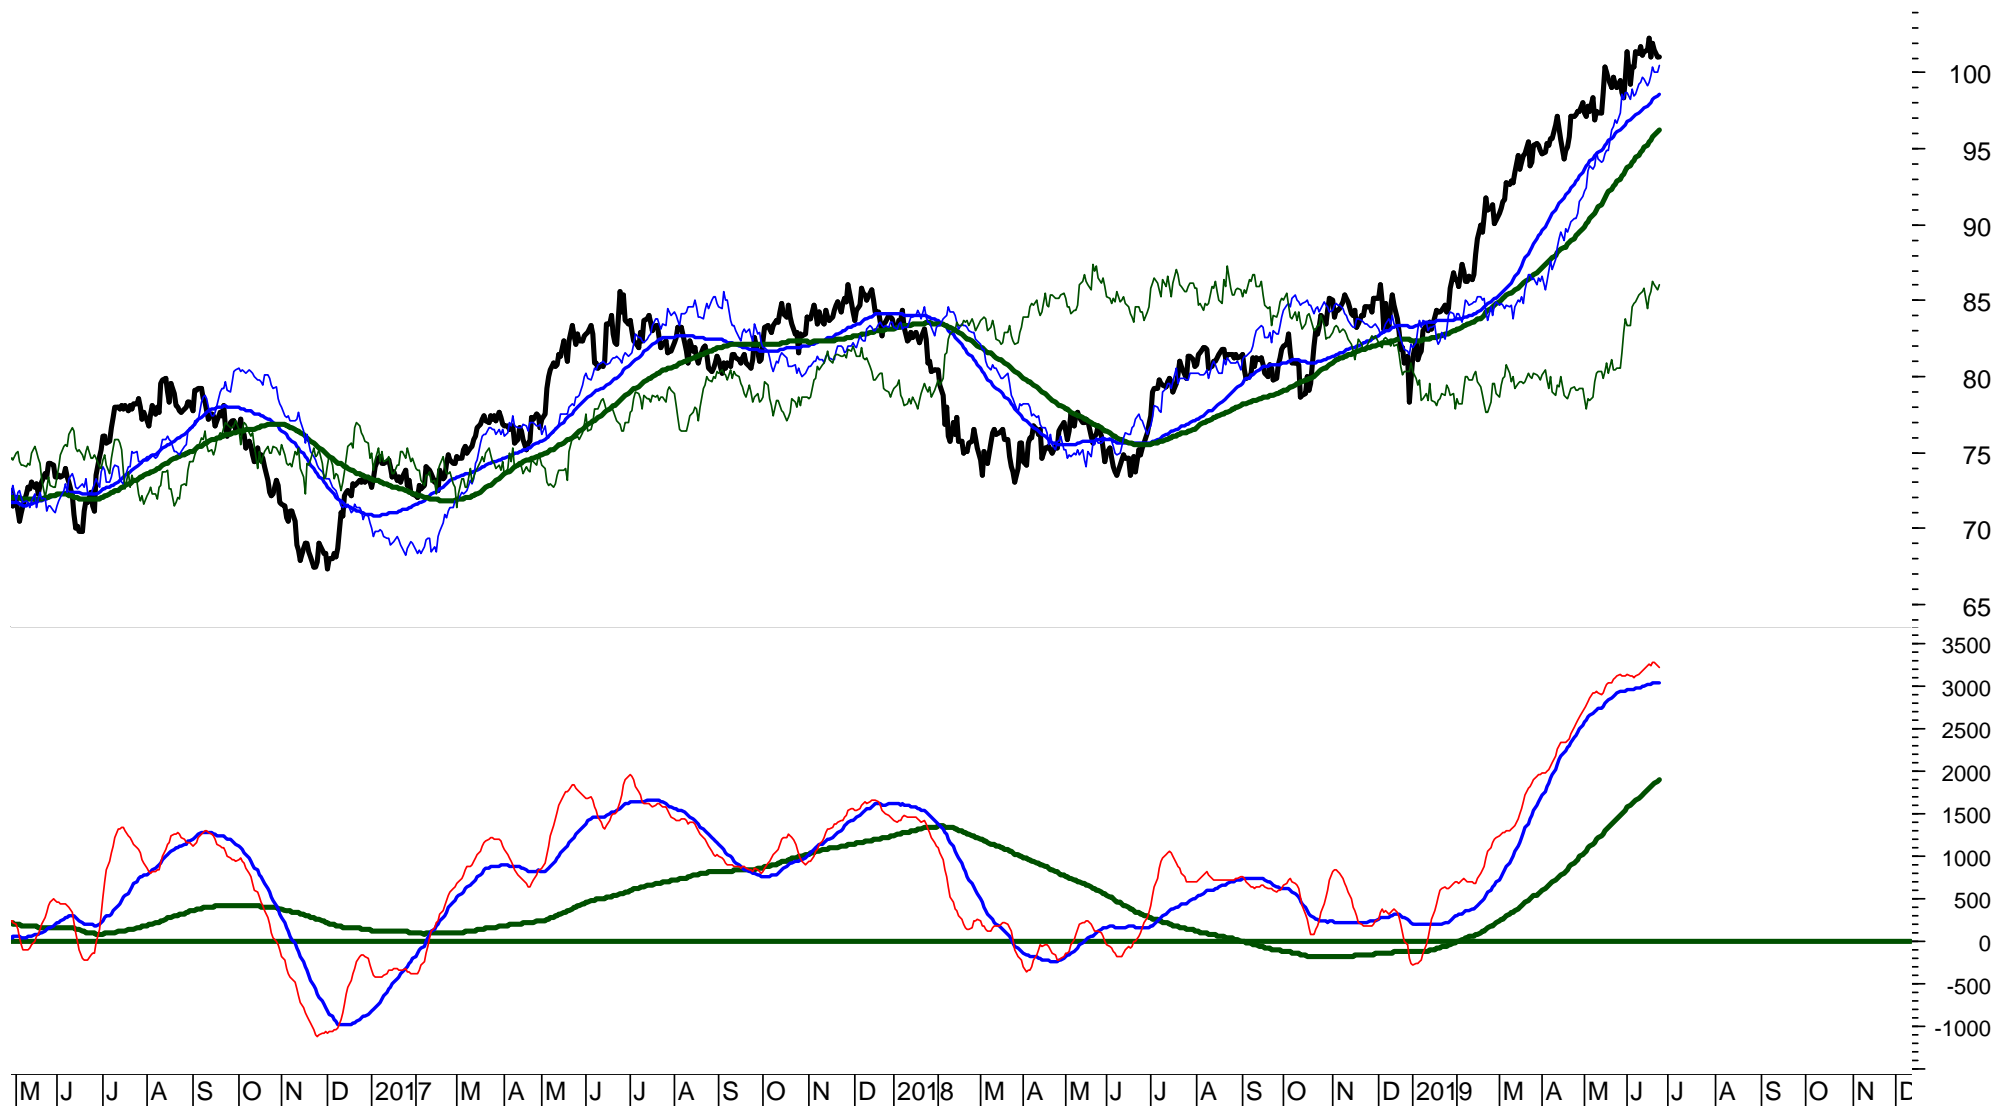

LONZA

Lonza entered a minor correction. The support levels to watch are 324 and 315.
I will sell the present position if 315 is broken.
Long-term support is at 300 and 278.

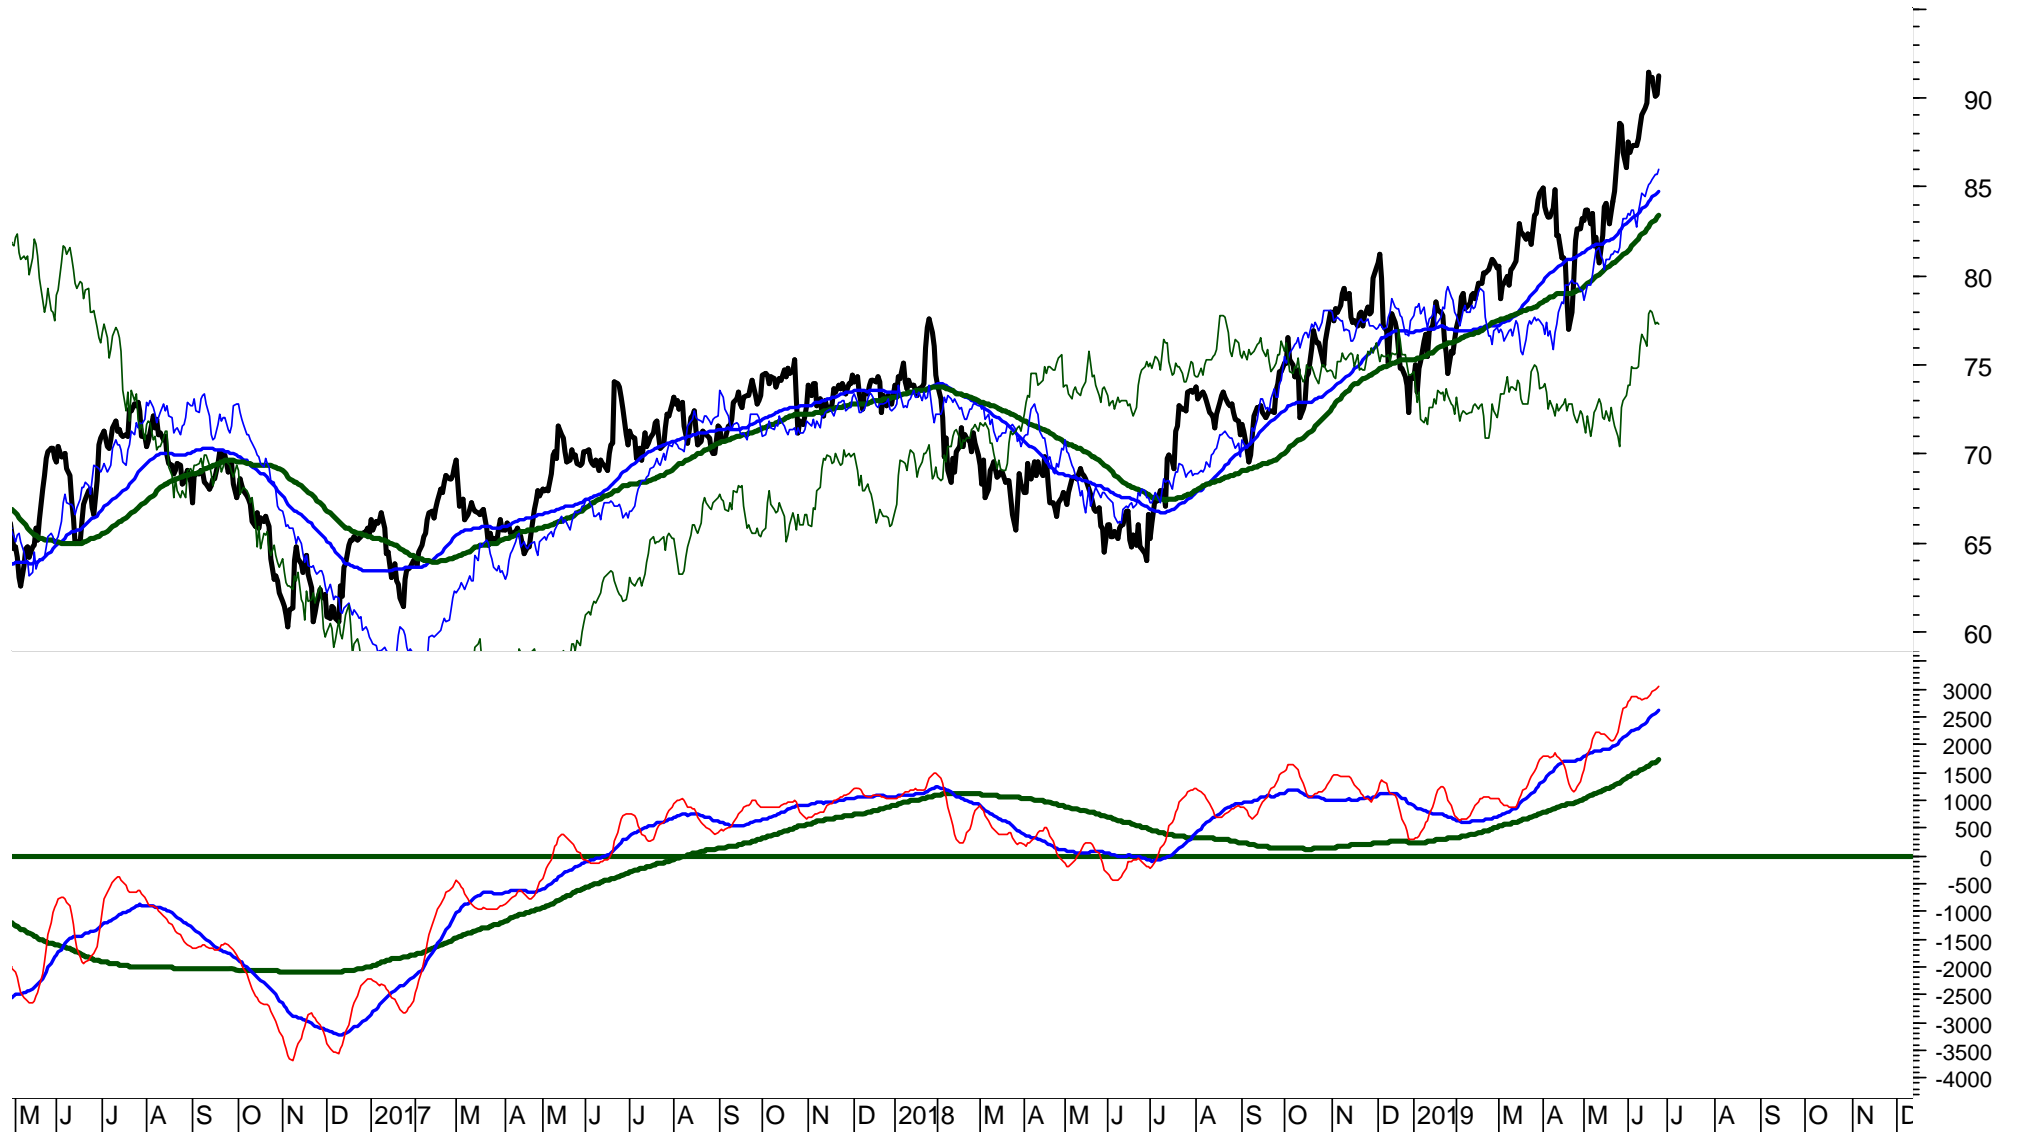

NESTLE

The uptrend in Nestlé appears exhausted. A break of 99.20 will signal a medium-term correction with support at 99, 96.70 or 94.90 / 94.20. A break of 96.70 / 93 would signal possible weakness to 90 or 87. Presently, I have no position in Nestlé after having taken profit around 96 / 98. Somehow the medium-term momentum has to be relieved of its overbought condition.

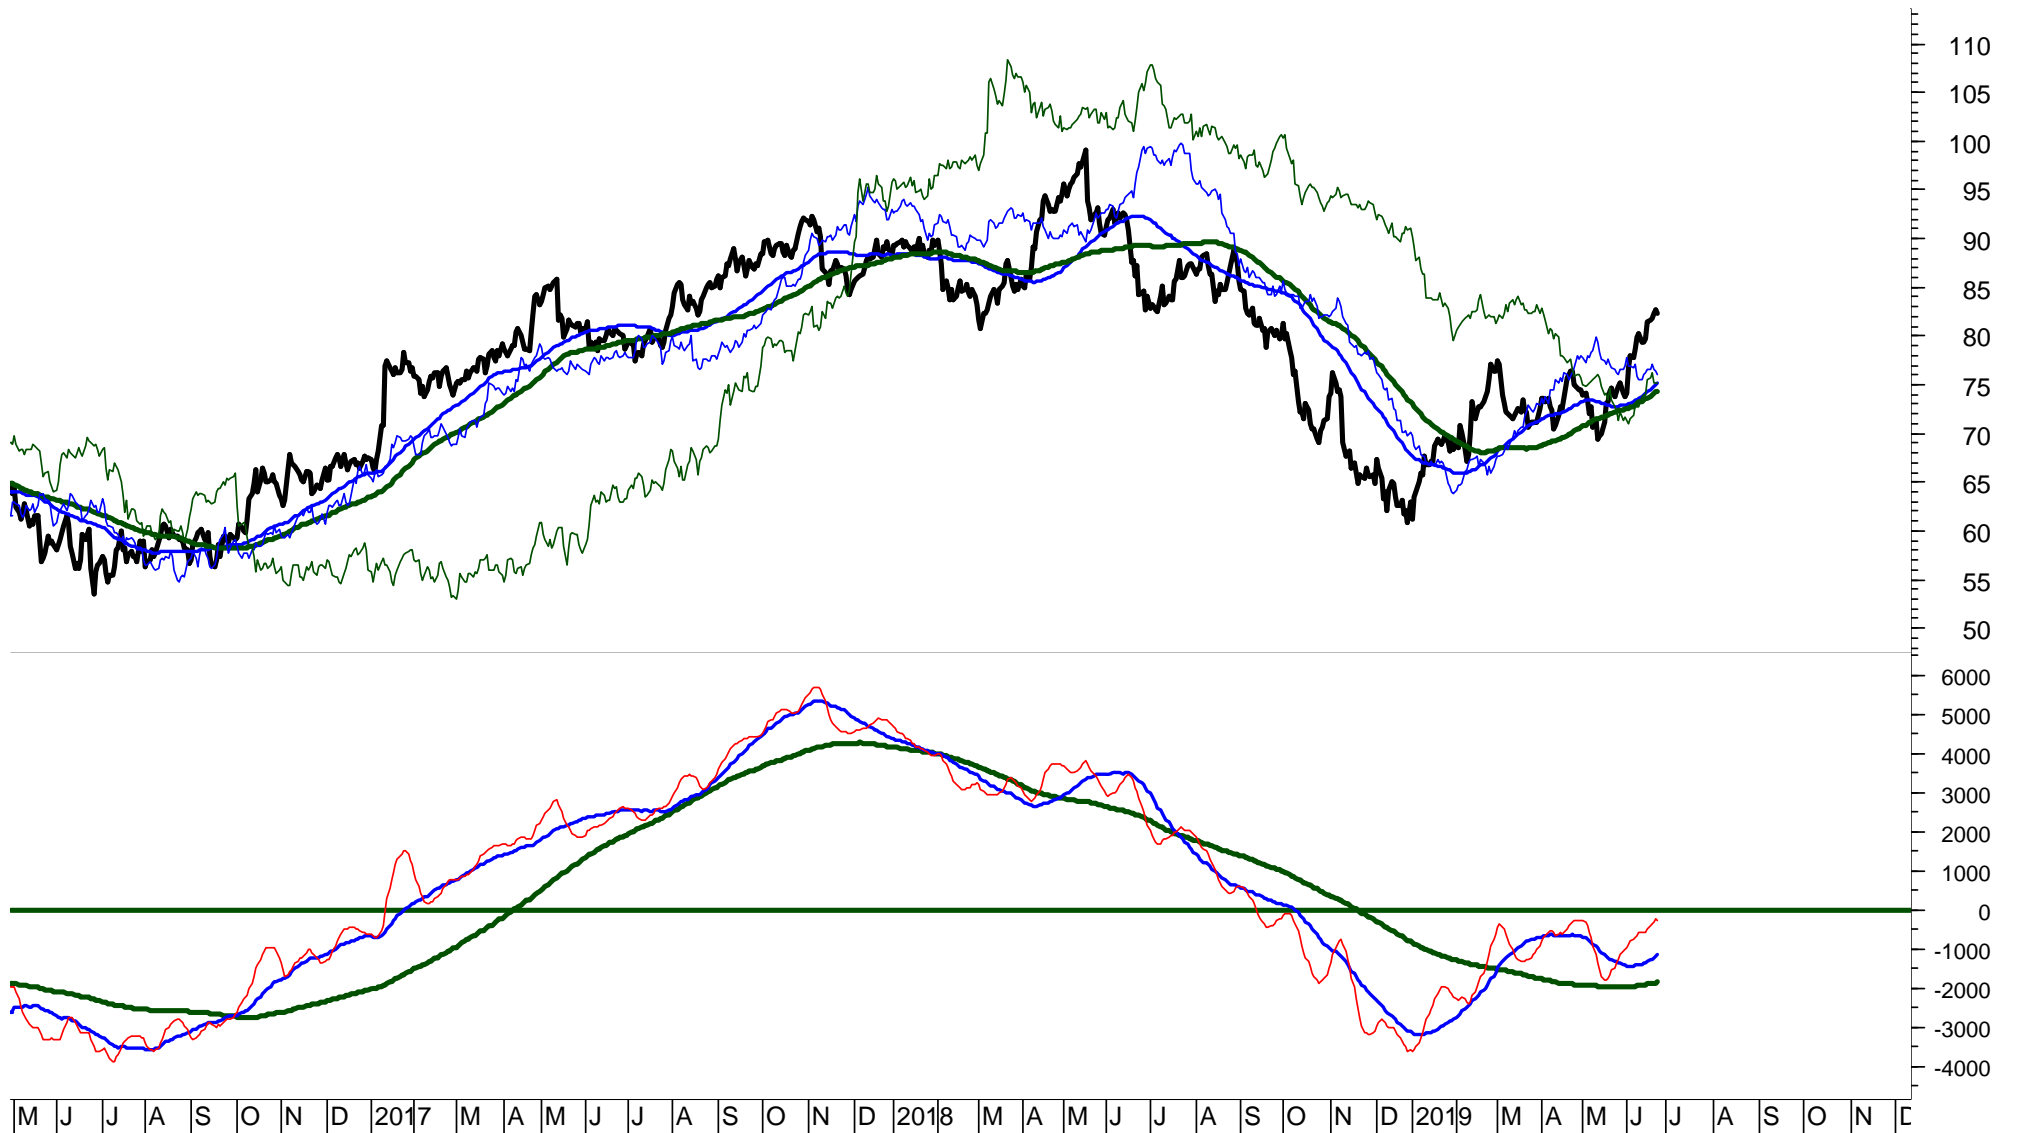

NOVARTIS

I recommended adding to the long position from 24.5.2019 at 85.55 and again at 88.60.
NOVN has reached the resistance cluster around 91.50 and 92.70.
It must hold above 89.20 if the higher targets at 97 to 102 or 117 are to be reached.
Supports are 89.20 and 87.70. I will sell the present medium-term position if 89 and 87.50 is broken.

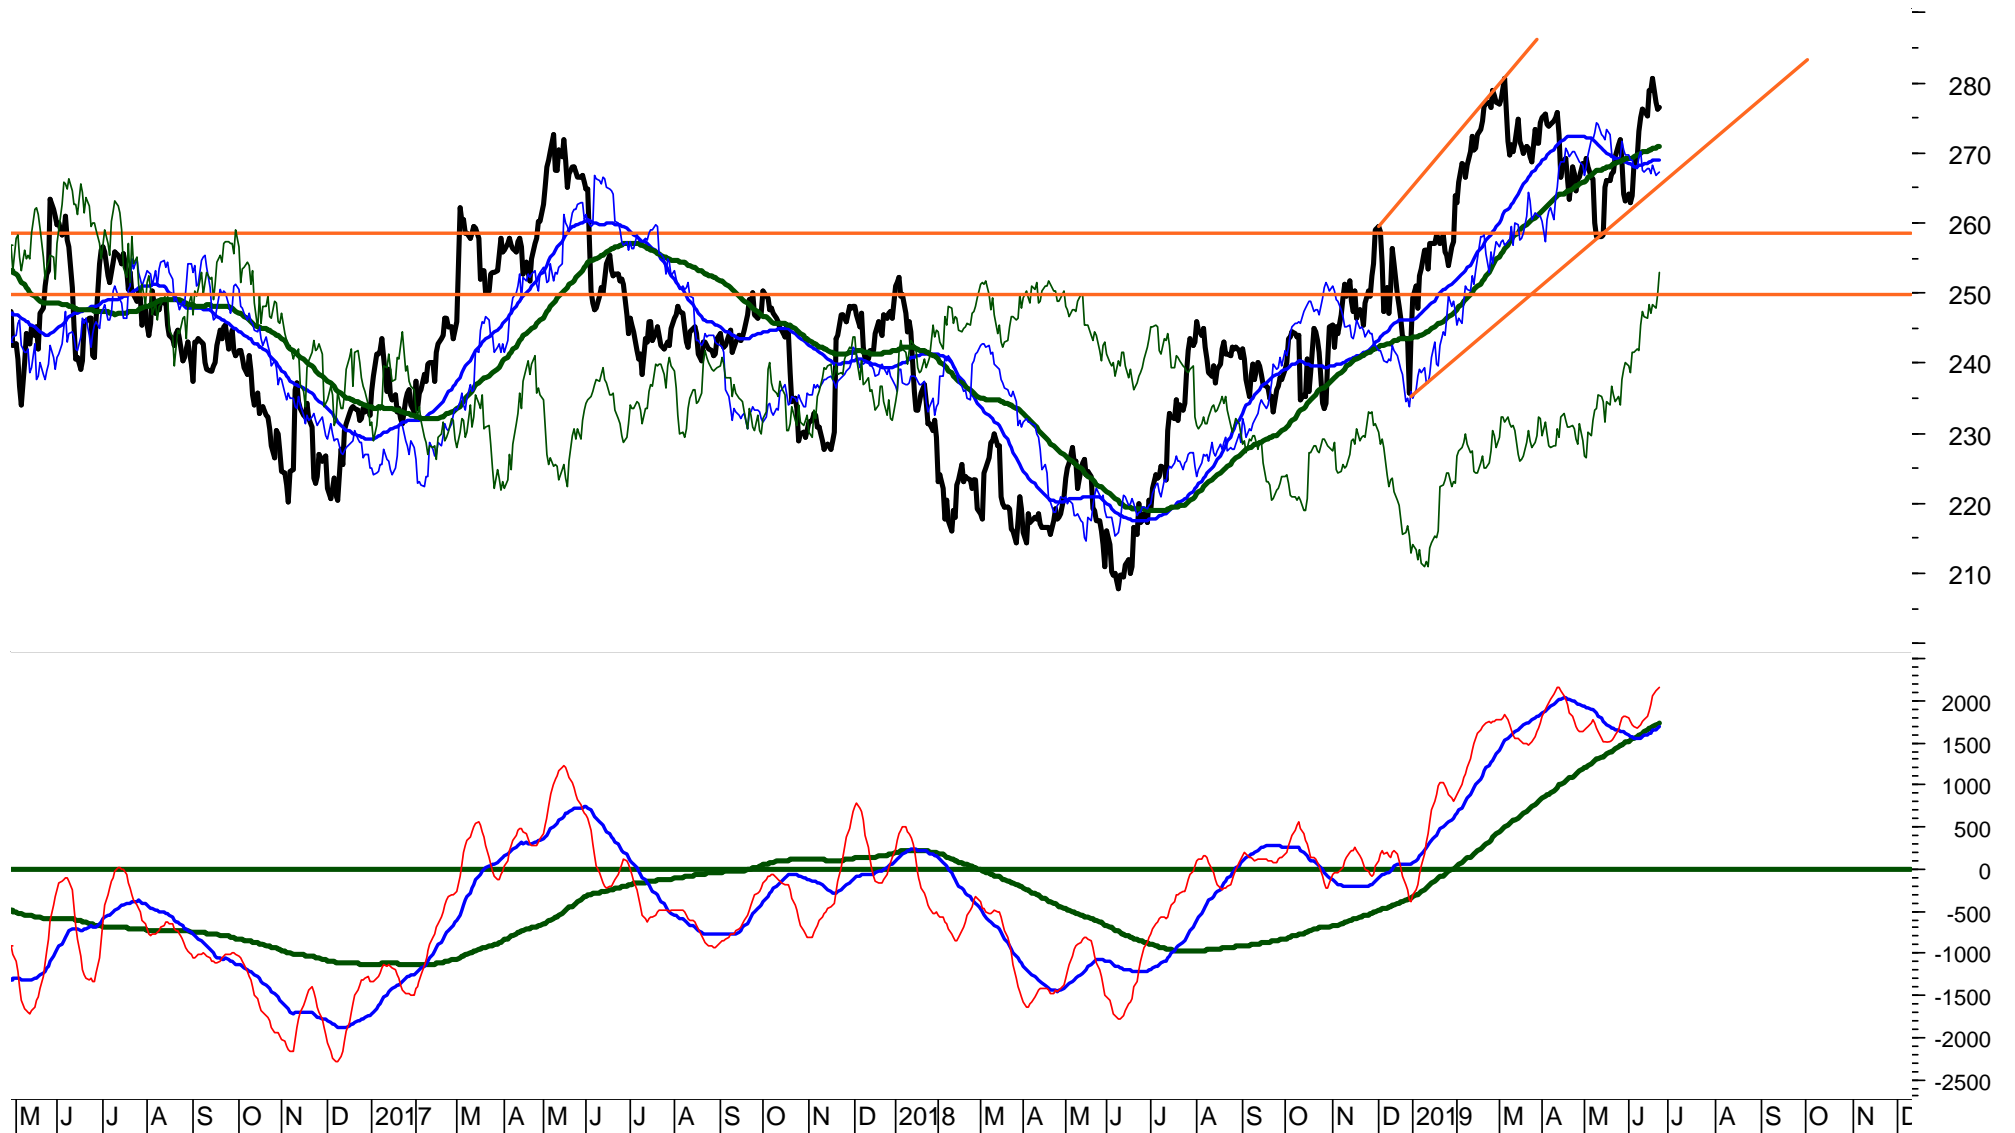

RICHEMONT

CFR is close to long-term resistance at 85 / 87, a break of which is necessary to signal 97 / 100.
Supports are short term 81.40, medium term 80.70 / 79.50 and long term 76.50 / 73.50.
I will sell the present position from 4.6.2019 at 75.60 if 80.50 is broken.

ROCHE GS

After having taken profit in the May correction I am long again Roche from 24.5.2019 at 272.10. It has reached major resistance at 279 / 281. Next resistance is at 285, 289 and 296 / 303. The sell levels are short term 268 / 262, medium-term at 259 and long term at 250.

SGS remains in a medium-term correction below long-term resistance at 2700.
 The key supports are 2480, 2410 and 2355 / 2290.
 I am watching for the present medium-term momentum slowdown to bottom out.

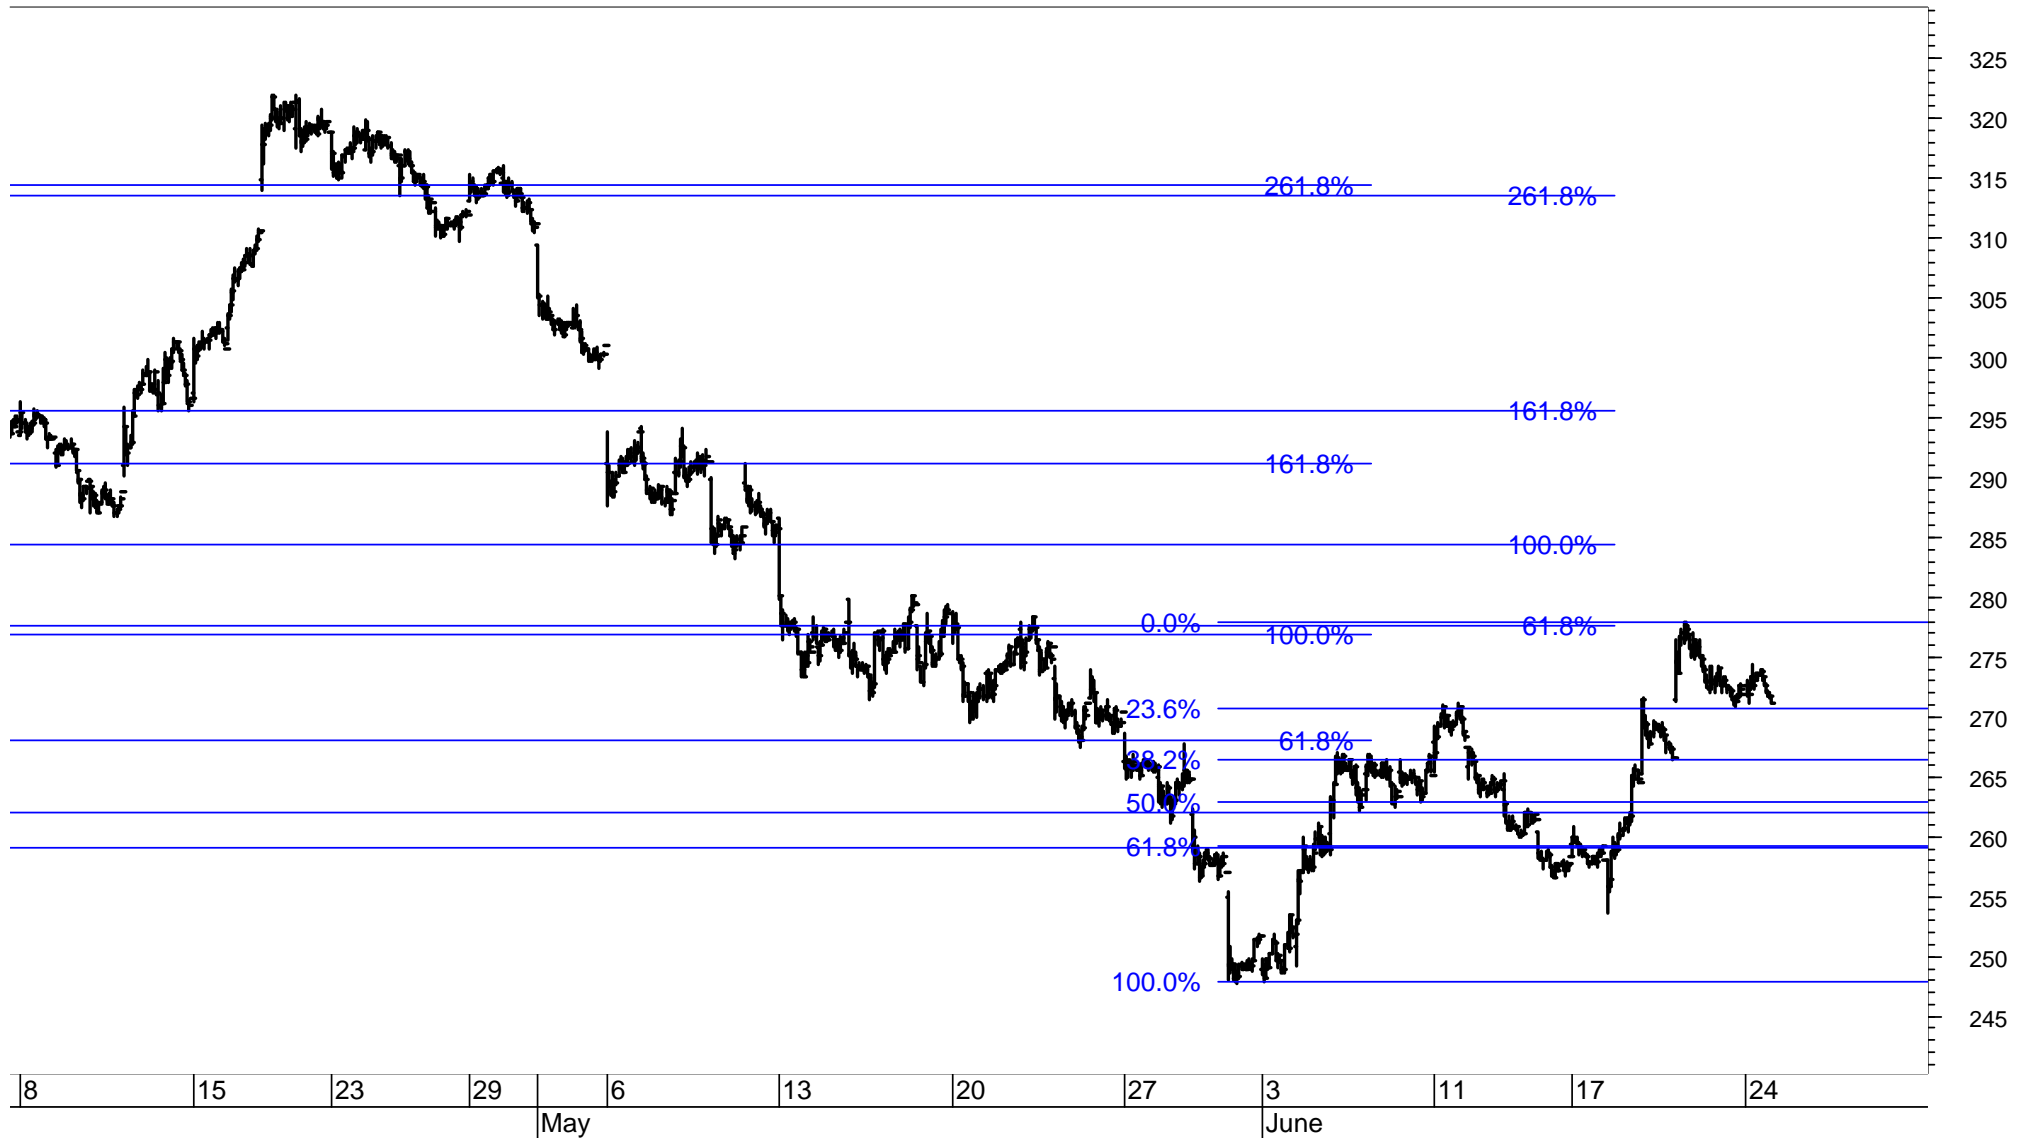

I am long again Sika from 147.55 on 15.4.2019. It has reached the long-term resistance at 165. It could extend the uptrend to 195. Support is at 150.

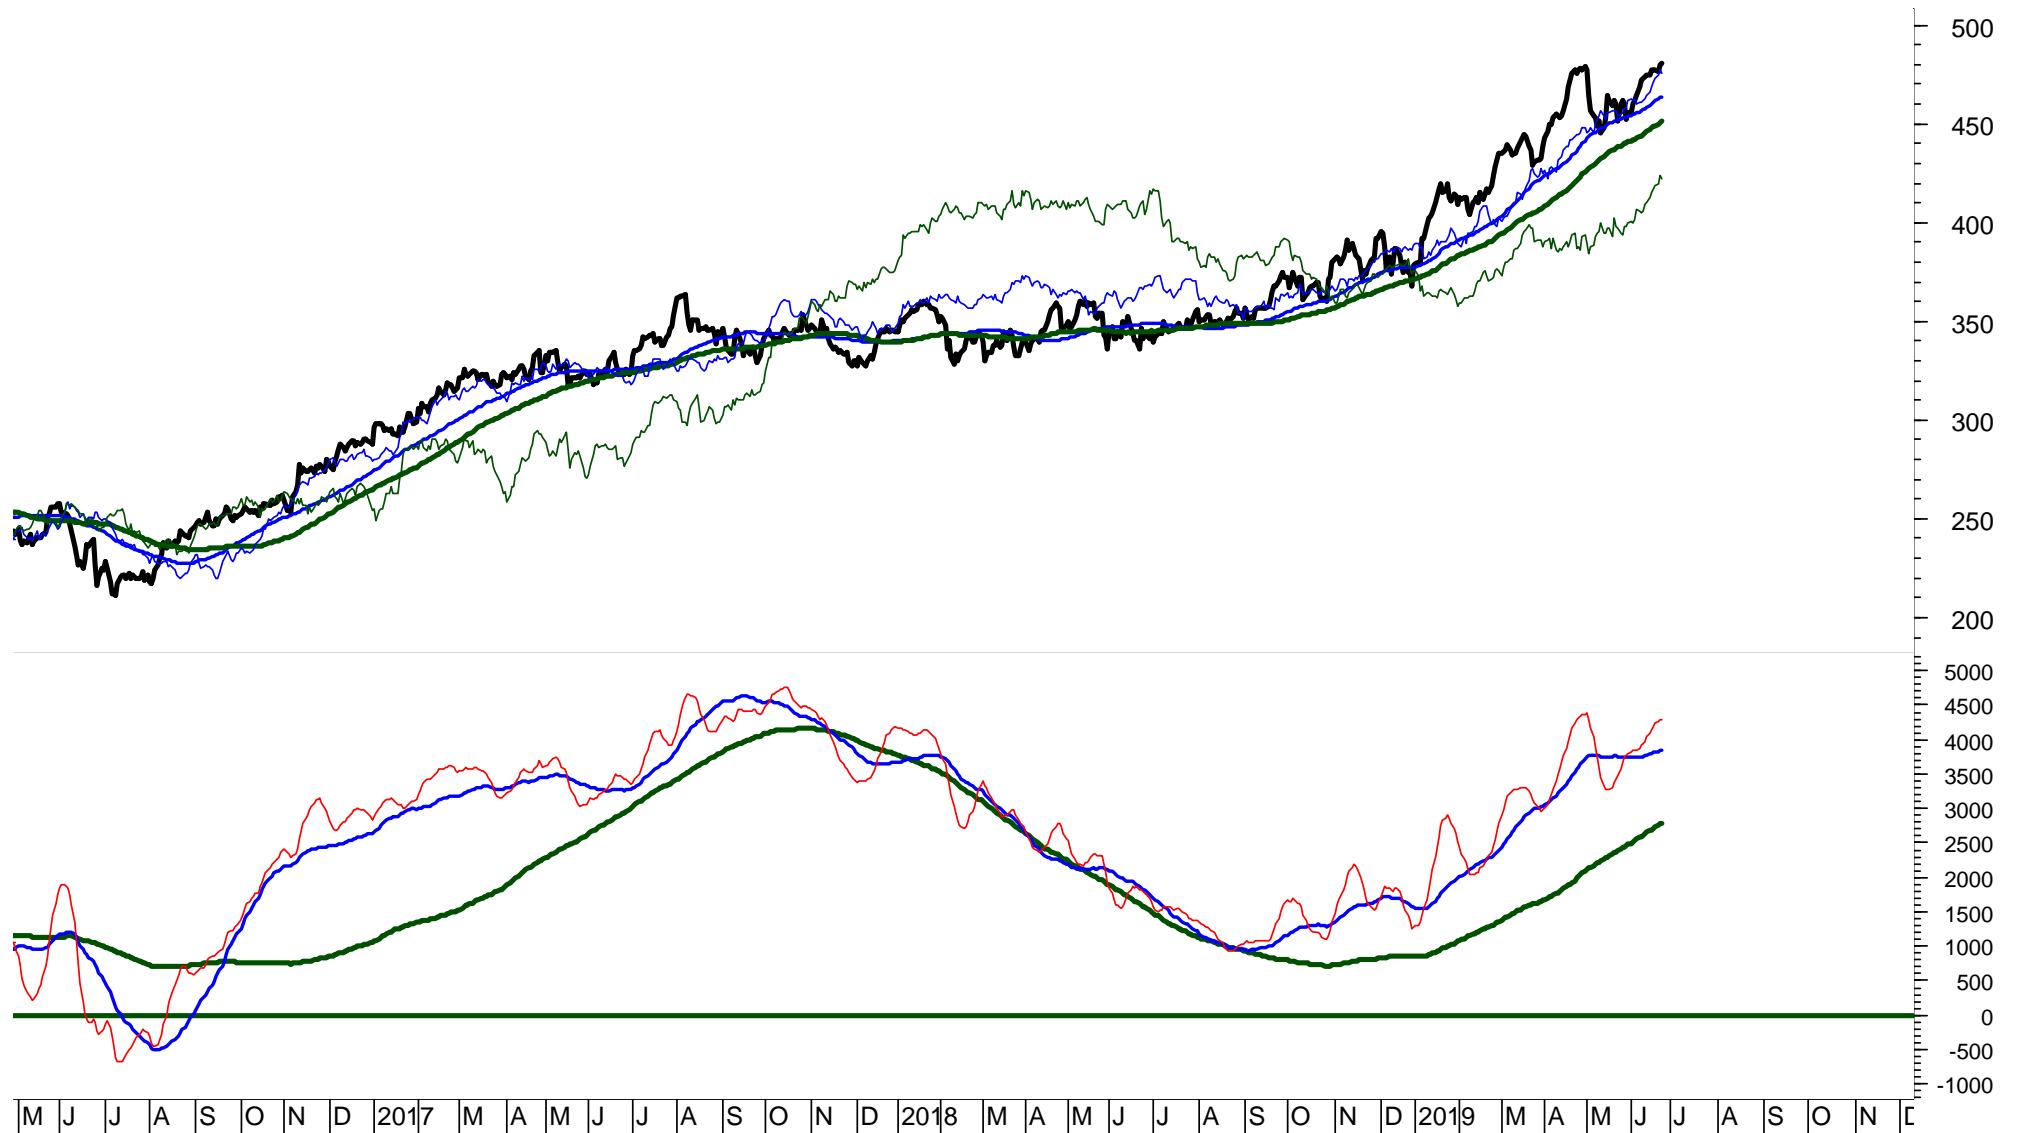

SWATCH GROUP

I bought back my long position on 18.6.2019 at 257.80.
Swatch reached the Fibonacci resistance at 276 / 278.
I will ADD to the position if 278 is broken. It should enter a new uptrend to 295 or 315.
I will stop the position at 262 / 258.

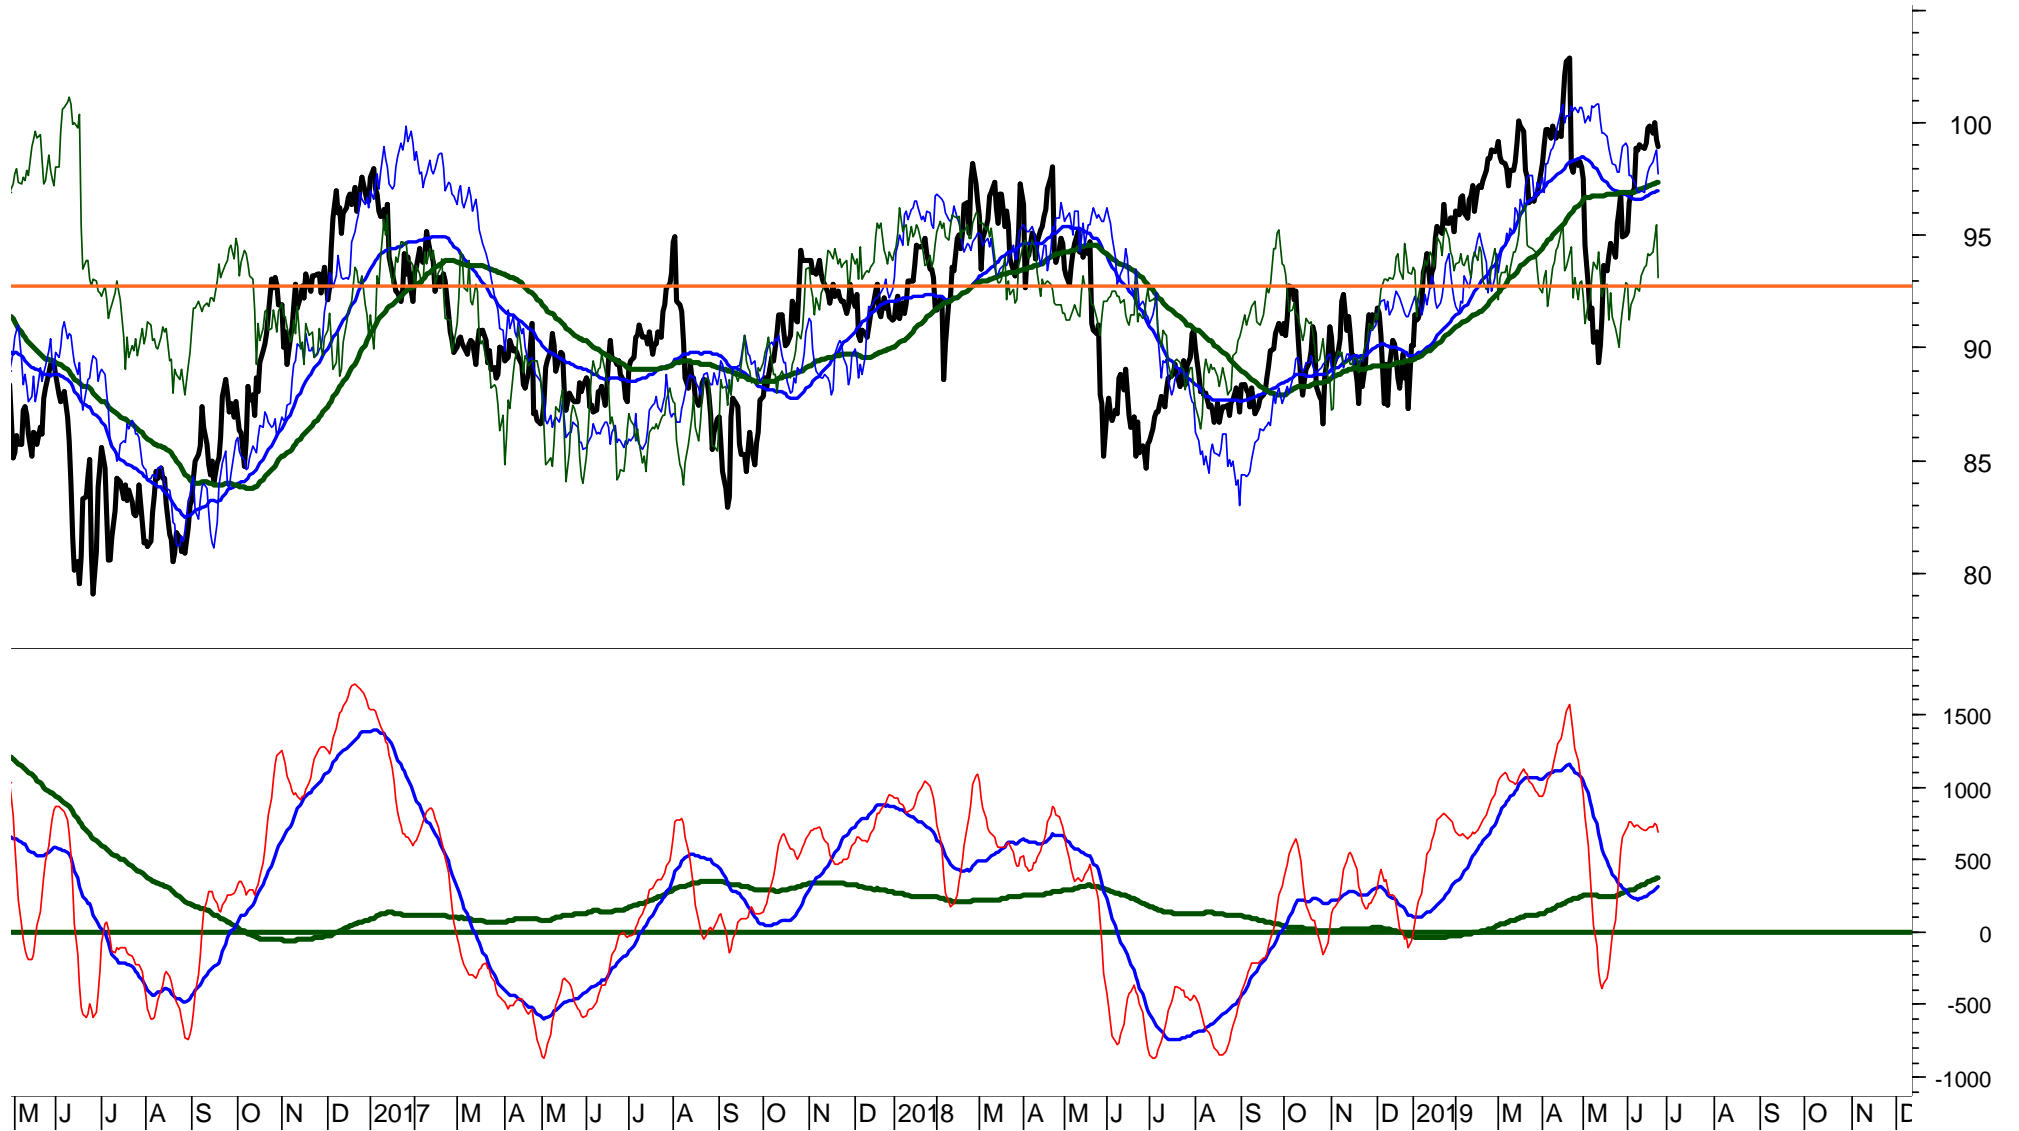

SWISS LIFE

I would ADD to the position from 12.6.2019 at 474.10 more aggressively if 485 / 490 is broken.
Swiss Life could rise to 505 or 530 / 535 once 490 is broken.

SWISS RE

Long-term supports are at 95 and 91.50.

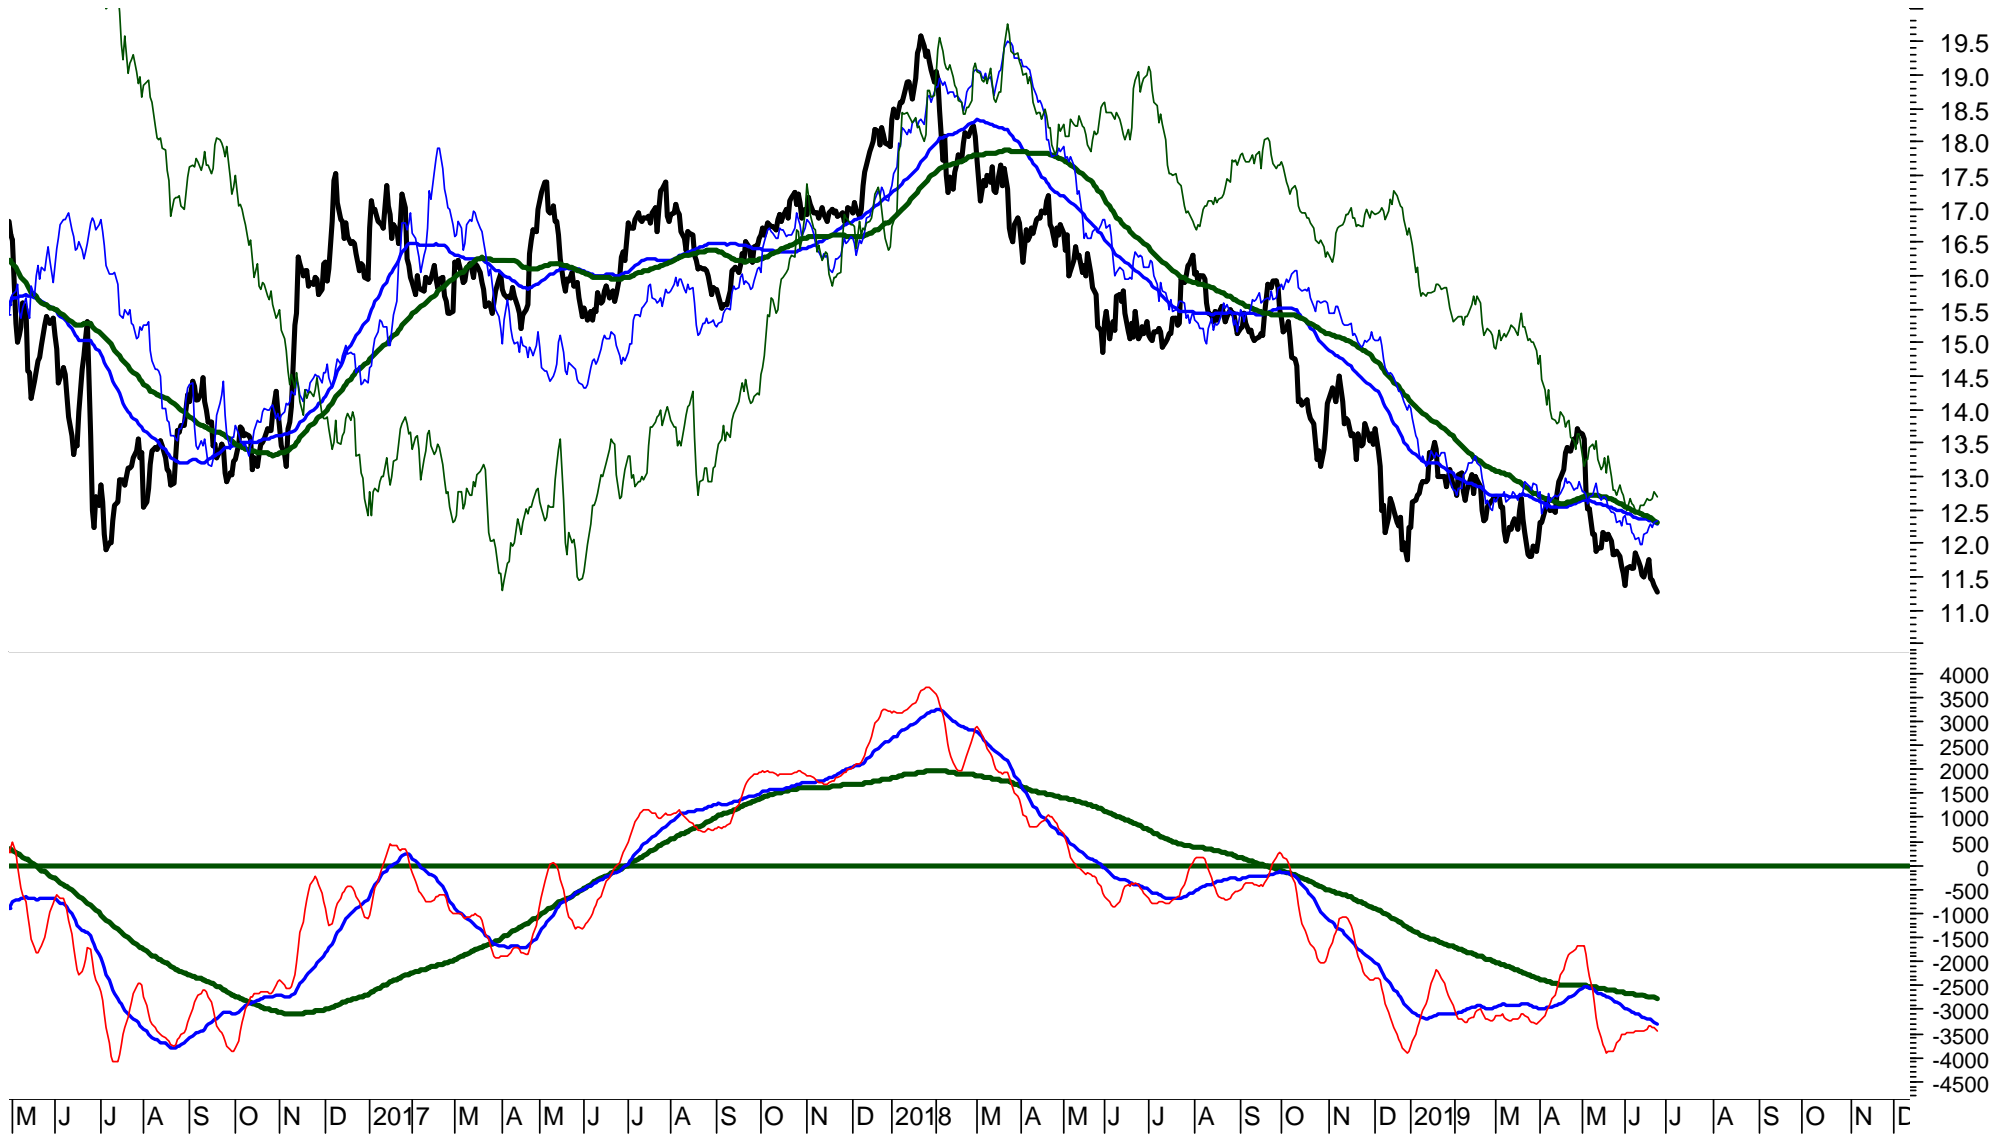

Swisscom was turned down by the major resistance at 500.

UBS GROUP

UBS remains in the downtrend.

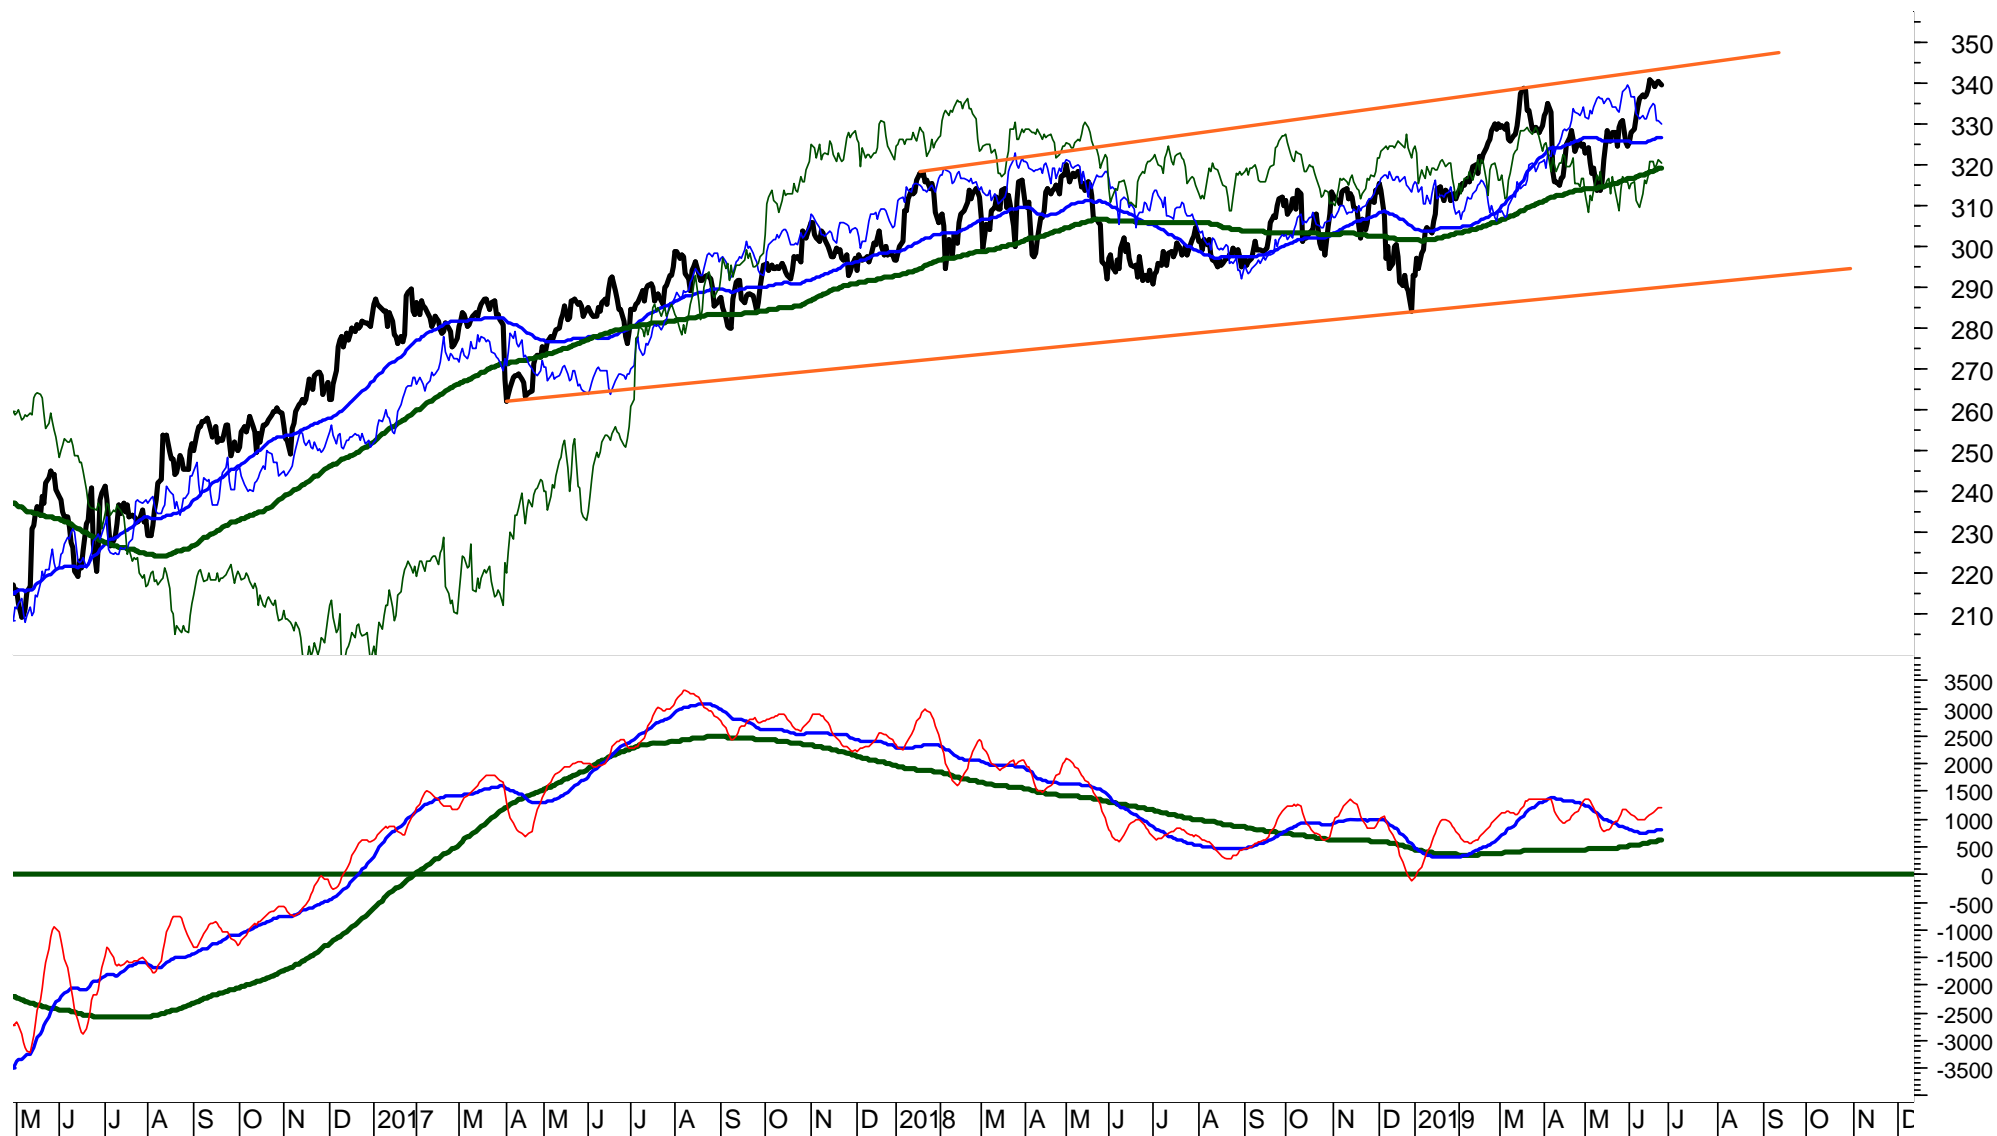

ZURICH INSURANCE

Zurich is testing the resistance at 340 / 350.

A break upwards could signal a new acceleration of the uptrend.

However, I expect more ranging below the upper trend line before another breakout attempt occurs.

ADOBE – hourly chart

I am watching Adobe closely because it is approaching a level where it will either accelerate the long-term uptrend or it will reach a major top. The chart below shows the Wedge formation, which Adobe has been forming since the low in March. It has reached the minimum price target, which is a new high at resistance 305. It could extend the uptrend to 312 to 325 but top out there. This would be in line with the S&P 500 Index reaching 3020 to 3120. I would look for the long-term equity uptrend to signal another upleg if Adobe breaks above 325.

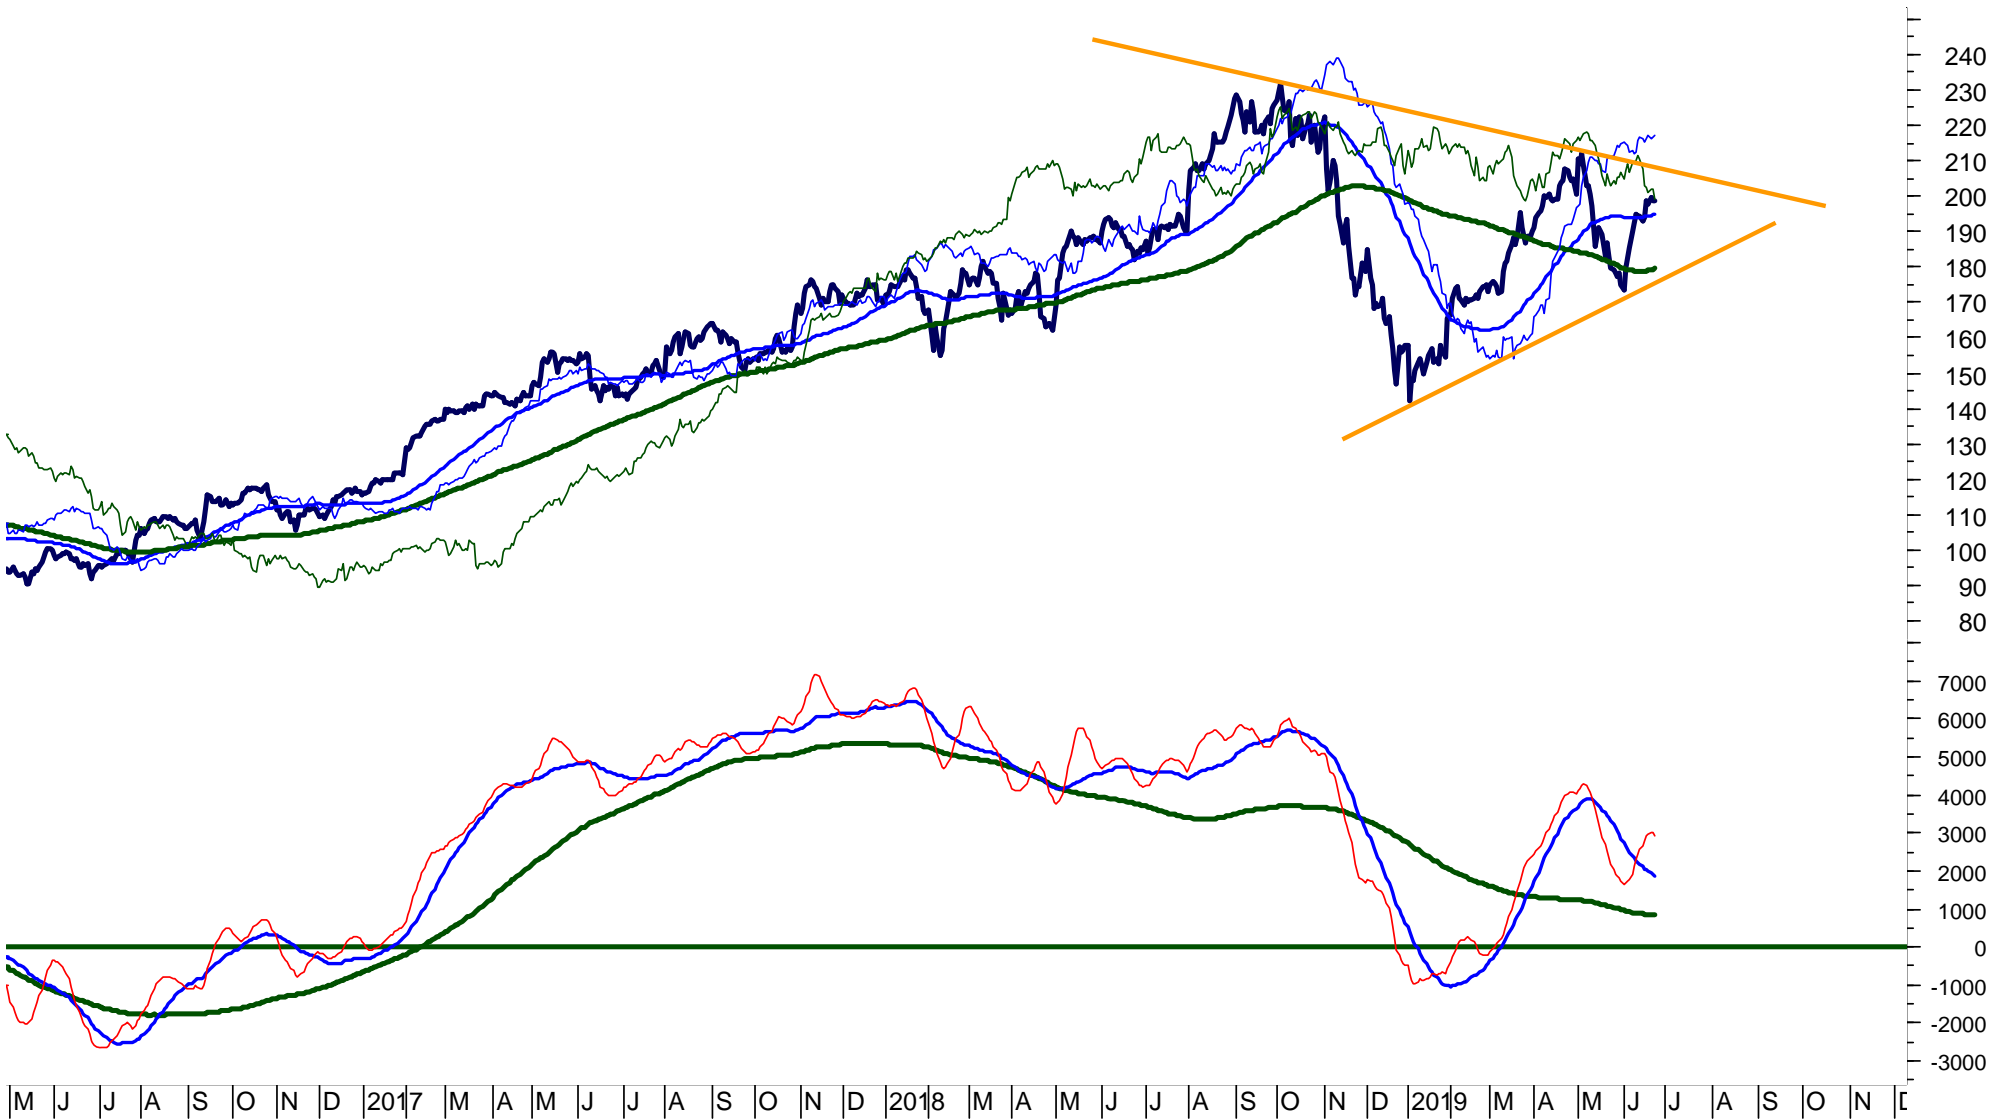

AMAZON – daily chart

Amazon is testing a key resistance at 1925, a break of which would allow for higher price projection to 2080. Because the present high is below the high of May and below the high of August 2018, AMZN could form a large triangle with major support at 1640. The preferred scenario is the forming of a large Wedge, similar to the Wedge portrayed for Adobe on the previous page.

APPLE

Buy signal if 201 is broken. Could rise to 215 or 243.
Major support is at 189 and 182.

NETFLIX – daily chart

Netflix has been in a lengthy consolidation around 340 / 370.

A rise above 375 / 390 will allow for a price target around 420 / 430.

A failure to do so will signal more weakness and the formation of a large triangle with support at 320 / 290.

Copyright © 2018 and 2019; FinChartOutlook GmbH, Rolf Bertschi, all rights reserved.

This Publication is designed for sophisticated money managers who are aware of the risk in securities investments and market forecasting. The analysis herein is based both on technical and cyclic readings and the recommendations represent the opinion of the Publisher, FinChartOutlook GmbH. Past performance does not imply or guarantee profitable results in the future. Before making specific investments, further investigation is recommended. Although the information contained in this Publication has been derived from sources which are believed to be reliable, they are not always necessarily complete and cannot be guaranteed. Neither the Publisher, FinChartOutlook GmbH, nor any of its employees, affiliates or subsidiaries shall have any liability for any loss, harm or other detriment which has been sustained by any natural person or entity that has relied on the information contained in this Publication. Any person or entity who does rely on any information contained in this Publication does so at his/her own risk and by doing so assumes all liability for any such loss, harm or other detriment. Employees of the Publisher may at times have positions in the securities referred to in this Publication and may make purchases or sales of these securities while the Publication is in circulation. An advisor / client relationship is not created by the distribution or delivery of this publication.

The information published and opinions expressed are provided by FinChartOutlook GmbH for personal use and for informational purposes only. The information is not intended to provide specific financial, investment, tax, legal or accounting advice for you, and is not intended to be relied upon in that regards. You should not act or rely on the information without professional assistance. Non information published in this Publication constitutes an offer or recommendation, to buy or sell any investment instruments, to effect any transactions, or to conclude any legal act of any kind whatsoever. FinChartOutlook GmbH disclaims, without intention, all liability for any loss or damage of any kind, including any direct, indirect or consequential damages, which might be incurred through the use of any information in this presentation. The entire content of this paper is subject to copyright with all rights reserved. You may save or print out a hard copy, provided that you do not remove any copyright or other proprietary notices. All property rights shall remain with FinChartOutlook GmbH. The content of this Publication may not be reproduced (in whole or in part), transmitted (by electronic means or otherwise), modified, linked into or used for any public or commercial purpose without the prior written permission of Rolf P. Bertschi, FinChartOutlook GmbH.
